

SHERAZADE WALL

Configurazione / Configuration (wall starting)	pag.	10.2.102
Abaco componenti / Components list	pag.	10.2.103
Abaco strumenti di montaggio / Assembly tools	pag.	10.2.104
Montaggio tratta parete / Partition segment installation	pag.	10.2.105
Montaggio anta battente / Swing door installation	pag.	10.2.130
Montaggio anta scorrevole / Sliding door installation	pag.	10.2.200
Montaggio anta scorrevole a soffitto / Ceiling sliding door installation	pag.	10.2.204
Montaggio anta scorrevole a cartongesso / Plasterboard sliding door installation	pag.	10.2.206

Configurazione A / Configuration A
Parete vetrata - Porta / Glass partition - Door

1. Profilo base (orizzontale inferiore e verticale) / Base profile (lower horizontal and vertical) [cod. HY_56140]
2. Profilo base (orizzontale superiore) / Base profile (upper horizontal) [cod. HY_56139]
3. Profilo tratta / Segment profile [cod. HY_56138]
4. Profilo a scatto / Snap profile [cod. HY_56137]
5. Profilo tratta superiore / Upper segment profile [cod. HY_56136]
6. Guarnizione profili tratta (già inserita nei profili) / Gasket segment profile (already inserted in the profiles)
7. Profilo stipite / [cod. HY_56135]
8. Profilo centrostanza / [cod. HY_56145]
- 9 Profilo cover stipite / Cover profile door jamb [cod. BO_54233]
10. Profilo traverso superiore di battuta (dove presente) / Upper striking crosspiece profile (where present) [cod. BO_54758]
11. Guarnizione battuta / Door striker gasket
12. Profilo a C a muro / "C" wall profile [cod. BO_53716]

13. Profilo telescopico a muro / Telescopic wall profile [cod. BO_54759]
14. Squadretta di allineamento / Alignment bracket
15. Piastrina fissaggio montante stipite / Fixing plate for door jamb upright
16. Clip in plastica / Plastic clip
19. Staffa superiore (per traverso porta) / Upper bracket (for door cross piece)
21. Staffa superiore (per traverso porta) / Upper bracket (for door cross piece)
21. Cerniera superiore per profilo a muro / Upper hinge for wall profile
22. Cerniera inferiore per profilo a muro / Lower hinge for wall profile
23. Cerniera superiore per profilo a muro (per traverso porta) / Upper hinge for wall profile (for door cross piece)

Livella laser / Laser leveller

Ventosa con cricchetto per vetri / Suction cup

ATTENZIONE: in caso di composizione con anta scorrevole, vedere sezione 10.2.200 per il posizionamento della trave.
Seguire le istruzioni dedicate per il montaggio dell'anta scorrevole. /
ATTENTION: in case of composition with sliding door, see section 10.2.200 to position the beam.
Follow the instructions dedicated to the installation of the sliding door.

ATTENZIONE: Prima di proseguire con il montaggio, leggere attentamente tutto il fascicolo delle istruzioni. /
ATTENTION: Before proceeding with the installation, read carefully all the installation manual.

1. Tagliare il profilo base verticale [1] a misura. / 2. Inserire le squadrette [14] nel profilo base verticale e fissarle con i grani.
 1. Cut to ceiling height the base profile [1]. / 2. Insert the brackets [14] into the base profile and fix it with the dowels.

3. Posizionare il profilo a muro in posizione e verificare che sia perfettamente verticale. / 4. Forare il muro e fissare il profilo con il metodo di ancoraggio adeguato al tipo di muro.
 3. Position the profile to the wall and verify that is perfectly vertical. / 4. Drill the wall and fix the profile with the correct fixing method for the wall.

5. Tagliare a misura il profilo base orizzontale [1] secondo le indicazioni riportate sui disegni di progetto allegati.
5. Cut to measure the floor base horizontal profile [1] according to the drawing indications attached.

6. Inserire il profilo base orizzontale nella squadretta ed allineare i due profili. Stringere tutti i grani della squadretta.
6. Insert the base horizontal profile into the bracket and align the two profiles. Tighten all the dowels in the bracket.

7. Fissare a pavimento il profilo base orizzontale.
7. Fix to the floor the horizontal floor base profile.

8. Ripetere step n° 5-6-7 per fissare il profilo base orizzontale a soffitto [2].
8. Repeat step n° 5-6-7 to fix the upper ceiling horizontal base profile [2].

ATTENZIONE: è importante che i due profili orizzontali siano allineati alle estremità.
ATTENTION: it is important that the two horizontal profiles are aligned at the two ends.

9. Tagliare a misura il profilo stipite porta [7] (lato serratura). ATTENZIONE: Verificare il senso di apertura della porta ed il tipo di configurazione.
9. Cut to measure the door jamb profile [7] (lock side). ATTENTION: Verify the opening direction of the door and the type of the configuration.

10a. Inserire le squadrette [14] in entrambi i lati del profilo stipite serratura [7].
10a. Insert the brackets [14] on both sides of the lock upright [7].

11a. Inserire il profilo stipite [7] sui profili base orizzontali e stringere i grani delle squadrette per bloccarlo in posizione.
11a. Insert the door jamb profile [7] on the base horizontal profiles and tighten the dowel of the brackets to lock it in position.

10b. Inserire la squadretta [14] nel lato inferiore e la squadretta [19] nel lato superiore del profilo stipite serratura [7].
 10b. Insert the bracket [14] in the lower side and the bracket [19] in the upper side of the lock upright [7].

11b. Inserire il profilo stipite [7] sui profili base orizzontali e stringere i grani delle squadrette per bloccarlo in posizione.
 11b. Insert the door jamb profile [7] on the base horizontal profiles and tighten the dowel of the brackets in the lock position.

12. Tagliare a misura il profilo tratta verticale [3].
 12. Cut to ceiling height the vertical profile segment [3].

13. Inserire il profilo nel montante a muro e fissarlo con viti adatte al tipo di muro. Verificare la presenza della guarnizione [6].
 13. Insert the profile of the wall upright and fix it with the right screws for the type of wall. Check the position of the gasket [6].

14. Tagliare a misura il profilo tratta verticale [3] dal lato porta. **ATTENZIONE:** tagliare solo il lato superiore del profilo.
14. Cut to ceiling height the vertical profile segment [3] of the door side. **ATTENTION:** Only cut the upper part of the segment.

15. Inserire la ferramenta nel profilo tratta verticale lato porta [3].
15. Insert the hardware into the doorside vertical segment profile [3].

16. Inserire il profilo tratta [3] nel montante di battuta della porta.
 16. Insert the segment profile [3] into the closing upright of the door.

17. Stringere le viti in modo da bloccare la piastrina in posizione orizzontale.
 17. Tighten the screws to lock the plate into the horizontal position.

- 18. Tagliare a misura e posizionare il profilo tratta inferiore [3] nel profilo base a pavimento [1]. Verificare che le estremità siano aderenti ai profili tratta verticali.**
18. Cut to measure and position the lower segment profile [3] into the floor profile [1]. Verify that the two ends are adherents to the profiles vertical segments.

- 19. Forare e fissare a pavimento il profilo tratta inferiore.**
19. Drill and fix to the floor the lower segment profile.

20. Tagliare a misura e posizionare il profilo tratta superiore [5] nel profilo a soffitto [2]. Verificare che le estremità siano aderenti ai profili tratta verticali.

20. Cut to measure and position the upper segment profile [5] into the ceiling profile [2]. Verify that the two ends are close to the vertical segment profiles .

21. Forare e fissare a soffitto il profilo tratta superiore.
21. Drill and fix to the ceiling the upper segment profile

22. Segnare la mezzeria del profilo sul muro per posizionare il montante della porta.
22. Mark the center line of the profile on the wall to position the upright of the door.

23. Rilevare l'altezza terra-soffitto in prossimità del montante e tagliare a misura altezza soffitto il profilo [12].
23. Measure the height floor to ceiling close to the upright and cut to ceiling height the profile [12].

24. Posizionare il profilo a muro [12] sulla mezzeria segnata in precedenza.
24. Position the wall profile [12] on the center line before marked.

25. Verificare che il profilo a muro sia a piombo e in bolla. / Fissare il profilo a muro.
25. Verify that the wall profile is at plumb-line and levelled. / Attach the profile to the wall.

26. Tagliare a misura (solo dal lato superiore) il profilo telescopico [13] ed inserirlo nel profilo a muro [12].
 26. Cut (only on the upper side) the telescopic profile [13], then insert it into the wall profile [12].

27. Posizionare dima per luce porta.
 27. Position the template for door clearance.

28. Mettere in bolla in profilo telescopico [13] agendo sui regolatori. / Forare il profilo a muro nei punti prestabiliti con una punta Ø4.
28. Level the telescopic profile [13] with the regulators. / Drill the wall profile in the pre drilled holes with a Ø4 drill bit.

29. Verificare con la dima in dotazione la luce porta ed inserire le viti indicate per bloccare il profilo telescopico [9].
29. Check with the supplied template the door clearance and lock in position the telescopic profile [9] into position with the security screws.

30a. **ATTENZIONE:** Per composizioni senza traverso porta. Fissare sul montante porta la coppia di cerniere [21+22].
 30a. **ATTENTION:** For configurations without door crosspiece. Fix the pair of hinges [21+22] on the door upright.

30b. Fissare sul montante della porta la cerniera superiore [23] (con prolunga per traverso superiore di battuta) e quella inferiore [22].
 30b. Fix on the door upright the upper hinge [23] (with extension for upper striking crosspiece) and the lower one [22].

31. Avvitare il traverso [10].

31. Screw in the crosspiece [10].

ATTENZIONE: Per il montaggio dei vetri si consiglia di iniziare dai vetri ad angolo. Si rimanda alla sezione dedicata al montaggio dei nodi. / **ATTENTION:** for the installation of the glass it is recommended to start from the corner ones. Please refer to the section dedicated to the assembly of the nodes.

32

32. Montaggio dei vetri. Pulire il bordo libero del primo vetro ed incollare biadesivo.

32. Installation of the glass panels. Clean the free edge of the first glass panel and glue the double sided tape on it.

Inserire uno spessore standard da 6mm. /
 Insert a standard 6mm spacer.

Valutare in seguito se inserire uno spessore aggiuntivo. / Consider inserting an additional spacer later.

33

33. Posizionare degli spessori (distanziati come la misura della larghezza del vetro) nel profilo tratta inferiore.

33. Place spacers (spaced as the glass width measure) in the lower segment profile.

34. Montare il primo vetro partendo dal lato muro, facendo riferimento alla numerazione riportata sul disegno di progetto. Incastrare il vetro prima nel profilo tratta superiore della parete e poi in quello inferiore.

34. Install the first glass starting from the wall, following the numbering shown on the project drawing. Fit the glass before into the upper segment profile of the wall and then into the lower one.

35. Proseguire con il montaggio dei vetri sullo stesso lato, seguendo la numerazione riportata sul disegno di progetto.
35. Keep installing the glass on the same side, following the numbering shown on the project drawing.

36. Rimuovere il liner dal biadesivo ed accostare i due vetri con l'aiuto di una ventosa con cricchetto e livellatori.
36. Remove the liner from the double-sided tape and put together the two glass panels with the help of a of a suction cup and a leveller.

37. Verificare che i vetri abbiano i lati verticali perfettamente paralleli. In caso contrario, cambiare gli spessori nel profilo inferiore.
37. Make sure the glasses have perfectly parallel vertical sides. If not, change the spacers in the lower profile.

38. Tagliare a misura i profili a scatto verticali.
38. Cut to size the vertical snap profiles.

39. Inserire i profili a scatto sui lati verticali della parete. Il profilo va inclinato ed inserito prima nella parte superiore.
39. Insert the snap profiles on the vertical side of the glass wall. The profile need to be inclined and inserted from the upper part.

Fare attenzione che l'incastro avvenga in modo perfetto.
Be careful that the interlocking will be perfect.

40. Tagliare a misura il profilo a scatto orizzontale.
40. Cut to size the horizontal snap profile.

41. Inserire il profilo a scatto orizzontale nel profilo inferiore. Fare attenzione che l'incastro avvenga in modo perfetto.
41. Insert the snap profiles on the lower side of the glass wall. Be careful that the interlocking will be perfect.

42. Tagliare a misura la copertura verticale [9] del montante della porta.
42. Cut to measure the vertical door upright [9].

43. Ogni 30 cm, inserire clip di plastica sul montante della porta. Inserire le coperture [9] sul montante.
43. Each 30 cm, insert the plastic clip on door upright. Insert the cover [9] on the upright.

44. Tagliare a misura ed inserire la guarnizione di battuta [11] sui montanti e sul traverso.
 44. Cut to measure and insert the the striker gasket [11] on the uprights and on the crosspiece

ATTENZIONE: Tagliare la guarnizione a filo della cerniera inferiore.
ATTENTION: Cut the gasket up to the lower hinge.

45. Inserire le boccole inferiori e superiori nella propria sede sulle cerniere inferiori e superiori.
45. Align lower and upper bushings into their groove on lower and upper hinges.

46. Verificare sull'anta che il perno eccentrico superiore sia posizionato all'interno della cerniera stessa.
46. Ensure that the upper eccentric pin is correctly located inside the hinge.

47. Inclinare l'anta e infilare il perno inferiore nella squadretta inferiore.
47. Tilt the door forward and fit the lower pin into the lower bracket.

48. Raddrizzare l'anta, mettere in corrispondenza la squadretta superiore con il perno eccentrico superiore ed avvitare.
48. Position the door upright. Align the upper bracket fitting with the upper eccentric pin and screw together.

49. Inserire la maniglia. In base al modello di maniglia scelto, vedere la relativa scheda di montaggio allegata.
49. Insert the handle. Depending on the handle chosen, see the related instructions attached.

50. Regolare la luce della porta agendo sui perni eccentrici con una chiave a brugola.
50. Adjust the door acting on its eccentric pins with an Allen Key to obtain a smooth clean opening.

51. Chiudere l'anta e verificare allineamento tra lo scrocco sulla porta e il riferimento sul montante.
51. Close the door and verify the alignment between the latch on the door and the reference on the upright.

52. Fissare sul montante il riscontro della serratura. È possibile una regolazione ruotando il blocco serratura di 180°.
52. Fix on the upright the lock striker. It is possible a regulation turning the locking block of 180°.

53. Regolare la luce della porta agendo sui perni eccentrici con una chiave a brugola.

53. Adjust the door acting on its eccentric pins with an Allen Key to obtain a smooth clean opening.

Configurazione A / Configuration A

Parete vetrata - Porta scorrevole (sia soffitto che cartongesso / Glass partition - Sliding door (both ceiling and plasterboard))

**Sherazade Wall - Anta scorrevole a soffitto /
Sherazade Wall - Ceiling sliding door**

**Sherazade Wall - Anta scorrevole a cartongesso /
Sherazade Wall - Plasterboard sliding door**

- 1. Completare i passaggi da 1 a 8 per installare i profili base. Tagliare a misura il profilo verticale centro stanza [8].**
1. Complete the steps from 1 to 8 to install the base profiles. Cut to dimensions the center room vertical profile [8].

- 2. Inserire le squadrette [14] in entrambi i lati del profilo centrostanza [8].**
2. insert the brackets [14] on both sides of the center room profile [8].

- 3. Inserire il profilo centro stanza [8] sui profili base orizzontali e stringere i grani delle squadrette per bloccarlo in posizione.**
3. Insert the center room profile [8] on the base horizontal profiles and tighten the dowel of the brackets in the lock position.

- 4. Completare la parete seguendo i passaggi per il montaggio dei profili tratta e profili fermavetro.**
4. Complete the installation of the glass partition following the installation steps of the segment profiles and the snap profiles.

5a. Dopo aver completato la parete, tracciare la posizione della trave.
5a. After completing the wall partition, trace the position of the beam.

6a. Fissare la trave e il binario come descritto nella scheda dedicata.
6a. Install the beam and the rail as described in the dedicated installation manual.

7a. Montaggio anta.

7a. Door installation

5b. Fissare la trave, il binario e le lastre di cartongesso come descritto nella scheda dedicata.
5b. Install the beam, the rail and the plaster as described in the dedicated installation manual.

6b. Segnare la distanza tra asse del binario e asse della parete
6b. Mark the distance between the centerline of the rail and the centerline of the wall.

7b. Montaggio della parete vetrata.

7b. Installation of the glass partition wall.

8b. Montaggio anta.

8b. Door installation.
