SHERAZADE WALL

Montaggio tratta parete / Partition segment installation

ATTENZIONE: Viene illustrata la configurazione A. Per la configurazione B, ripetere gli stessi passaggi su entrambi i lati. /
WARNING: It is shown the Configuration A. For configuration B, repeat the same steps on both sides.

1. Tagliare il profilo base verticale a misura. / 2. Inserire le squadrette nel profilo base verticale e fissarle con i grani.
 1. Cut to ceiling height the base profile. / 2. Insert the brackets into the base profile and fix it with the dowels.

3. Posizionare il profilo a muro in posizione e verificare che sia perfettamente verticale. / 4. Forare il muro e fissare il profilo con il metodo di ancoraggio adeguato al tipo di muro.
 3. Position the profile to the wall and verify that is perfectly vertical. / 4. Drill the wall and fix the profile with the correct fixing method for the wall.

5

5. Verificare la misura del profilo base orizzontale seguendo le indicazioni riportate sui disegni di progetto allegati.
 5. Check the measure the floor base horizontal profile according to the drawing indications attached.

6. Inserire il profilo base orizzontale nella squadretta ed allineare i due profili. Stringere tutti i grani della squadretta.
 6. Insert the base horizontal profile into the bracket and align the two profiles. Tighten all the dowels in the bracket.

7. Fissare a pavimento il profilo base orizzontale.
7. Fix to the floor the horizontal floor base profile.

8. Ripetere step n° 5-6-7 per fissare il profilo base orizzontale a soffitto.
8. Repeat step n° 5-6-7 to fix the upper ceiling horizontal base profile.

ATTENZIONE: è importante che i due profili orizzontali siano allineati alle estremità.
ATTENTION: it is important that the two horizontal profiles are aligned at the two ends.

9. Tagliare a misura il profilo stipite porta (lato serratura). ATTENZIONE: Verificare il senso di apertura della porta ed il tipo di configurazione.
9. Cut to measure the door jamb profile (lock side). ATTENTION: Verify the opening direction of the door and the type of the configuration.

10. Avvitare la staffa nella parte superiore del profilo stipite serratura.
10. Screw the bracket into the upper part of the lock jamb profile.

11. Inserire le squadrette in entrambi i lati del profilo stipite serratura.
11. Insert the brackets on both sides of the lock upright.

12. Inserire il profilo stipite sui profili base orizzontali e stringere i grani delle squadrette per bloccarlo in posizione.
12. Insert the door jamb profile on the base horizontal profiles and tighten the dowel of the brackets in the lock position.

13. Tagliare a misura il profilo tratta verticale.
13. Cut to ceiling height the vertical profile segment.

14. Sui profili tratta verticali, inferiori e superiori, inserire nei fori già predisposti le clip di giunzione profili.
14. On the vertical, lower and upper profile sections, insert the joint profile clips into the pre-drilled holes.

15. Inserire il profilo nel montante a muro e fissarlo inserendo i grani dentro le clip di giunzione e stringere.
15. Insert the profile into the wall stud and secure it by inserting the grub screws into the joint clips and tighten.

16. Tagliare a misura il profilo tratta verticale dal lato porta. **ATTENZIONE:** tagliare solo il lato superiore del profilo.
16. Cut to ceiling height the vertical profile segment of the door side. **ATTENTION:** only cut the upper part of the segment.

17. Inserire il profilo tratta nel montante di battuta della porta e fissarlo inserendo i grani dentro le clip di giunzione e stringere.
17. Insert the section profile into the door jamb and secure it by inserting the grub screws into the joint clips and tighten.

18. Posizionare il profilo tratta inferiore nel profilo base a pavimento. Verificare che le estremità siano aderenti ai profili tratta verticali.
18. Position the lower segment profile into the floor profile. Verify that the two ends are adherents to the profiles vertical segments.

19. Inserire il profilo tratta inferiore e fissarlo inserendo i grani dentro le clip di giunzione e stringere.
19. Insert the lower section profile and secure it by inserting the grub screws into the joint clips and tighten.

20. Posizionare il profilo tratta superiore nel profilo a soffitto. Verificare che le estremità siano aderenti ai profili tratta verticali.
20. Position the upper segment profile into the ceiling profile. Verify that the two ends are close to the vertical segment profiles.

21. Inserire il profilo tratta superiore e fissarlo inserendo i grani dentro le clip di giunzione e stringere.
21. Insert the upper section profile and secure it by inserting the grub screws into the joint clips and tighten.

ATTENZIONE: Per il montaggio dei vetri si consiglia di iniziare dai vetri ad angolo.
Si rimanda alla sezione dedicata al montaggio dei nodi.

ATTENTION: for the installation of the glass it is recommended to start from the corner ones. Please refer to the section dedicated to the assembly of the nodes.

22

22. Montaggio dei vetri. Pulire il bordo libero del primo vetro ed incollare biadesivo.
22. Installation of the glass panels. Clean the free edge of the first glass panel and glue the double sided tape on it.

Sull'ultimo pannello in vetro della parete, siliconare il lato verticale verso il montante della porta.
 On the last glass panel of the wall, put silicone on the vertical side towards the door jamb profile.

23. Posizionare degli spessori (distanziati come la misura della larghezza del vetro) nel profilo tratta inferiore.
23. Place spacers (spaced as the glass width measure) in the lower segment profile.

24. Montare il primo vetro partendo dal lato muro, facendo riferimento alla numerazione riportata sul disegno di progetto. Incastrare il vetro prima nel profilo tratta superiore della parete e poi in quello inferiore.

24. Install the first glass starting from the wall, following the numbering shown on the project drawing. Fit the glass before into the upper segment profile of the wall and then into the lower one.

25. Proseguire con il montaggio dei vetri sullo stesso lato, seguendo la numerazione riportata sul disegno di progetto.
25. Keep installing the glass on the same side, following the numbering shown on the project drawing.

26. Rimuovere il liner dal biadesivo ed accostare i due vetri con l'aiuto di una ventosa con cricchetto e livellatori.
26. Remove the liner from the double-sided tape and put together the two glass panels with the help of a of a suction cup and a leveller.

27. Verificare che i vetri abbiano i lati verticali perfettamente paralleli. In caso contrario, cambiare gli spessori nel profilo inferiore.
27. Make sure the glasses have perfectly parallel vertical sides. If not, change the spacers in the lower profile.

28. Tagliare a misura i profili a scatto verticali.
28. Cut to size the vertical snap profiles.

29. Inserire i profili a scatto sui lati verticali della parete. Il profilo va inclinato ed inserito prima nella parte superiore.
29. Insert the snap profiles on the vertical side of the glass wall. The profile need to be inclined and inserted from the upper part.

Fare attenzione che l'incastro avvenga in modo perfetto.
Be careful that the interlocking will be perfect.

30. Verificare la larghezza di progetto su entrambe le tratte della parete e confrontare con la misura dei profili a scatto orizzontale.
30. Check the project's width on both the segments of the wall and compare with the snap profile measure.

31. Inserire il profilo a scatto orizzontale nel profilo inferiore. Fare attenzione che l'incastro avvenga in modo perfetto.
31. Insert the snap profiles on the lower side of the glass wall. Be careful that the interlocking will be perfect.

SHERAZADE WALL

Installazione telaio porta battente / Swing door frame installation

Configurazione A / Configuration A

partenza con porta a muro / door start at wall

- 1. Segnare la mezzeria del profilo sul muro per posizionare il montante della porta.**
1. Mark the center line of the profile on the wall to position the upright of the door.

- 2. Rilevare l'altezza terra-soffitto in prossimità del montante e verificare la misura del profilo. Tagliare il profilo nella parte superiore a misura.**
2. Measure the height floor to ceiling close to the upright and check the profile length. Cut to measure the profile.

3. Posizionare il profilo a muro sulla mezzeria segnata in precedenza.
3. Position the wall profile on the center line before marked.

4. Verificare che il profilo a muro sia a piombo e in bolla. / Fissare il profilo a muro con il biadesivo.
4. Verify that the wall profile is at plumb-line and levelled. / Attach the profile to the wall with double-sided tape.

5. Tagliare a misura il profilo telescopico e inserirlo nel profilo a muro.
5. Cut the telescopic profile to length and fit them into the wall profile.

6. Dal lato muro, avvitare la staffa nella parte superiore del profilo telescopico
6. On the wall side, screw the bracket into the upper part of the telescopic profile.

7. Mettere in bolla in profilo telescopico agendo sui regolatori. / Forare il profilo a muro nei punti prestabiliti.
7. Level the telescopic profile with the regulators. / Drill the wall profile in the pre drilled holes.

8. Verificare con la dima in dotazione la luce porta ed inserire le viti indicate per bloccare il profilo telescopico.
8. Check with the supplied template the door clearance and lock the telescopic profile into position with the security screws.

Sherazade Wall

Installazione telaio porta battente / Swing door frame installation

9. Ogni 30 cm, inserire clip di plastica sul montante della porta.

9. Each 30 cm, insert the plastic clip on door upright.

10. Tagliare a misura la copertura verticale centrostanza e inserirla sul montante.

10. Cut the cover profile to length and fit them into the upright.

11. Dal lato senza battuta, posizionare il profilo a C a soffitto sulla mezzera tracciata in precedenza.
11. On the side without the rebate, position the ceiling C profile on the centre line drawn before.

12. Forare il soffitto. Fissare il profilo a C con viti e tasselli adeguati al tipo di soffitto.
12. Drill the ceiling. Fix the C profile with screws and plugs suitable for the ceiling.

13. Dal lato senza battuta, infilare il traverso di battuta.
13. On the side without a rebate, insert the rebate cross piece.

14. Avvitare n°3 viti per bloccare il traverso sulle staffe. (n°2 viti lato serratura, n°1 vite lato cerniere).
14. Tighten 3 screws to stop the crosspiece on the brackets. (no. 2 screws on lock side, no. 1 screw on hinges side).

Montaggio cerniere Hinge installation

15. Accertarsi che la boccola sia inserita nella cerniera.
15. Make sure the bushing is inserted into the hinge.

16. Fissare sul montante della porta la cerniera inferiore e quella superiore.
16. Fix on the door upright the lower hinge and the upper one.

17. Avvitare una vite per fissare la cerniera superiore al traverso di battuta.
17. Tighten one screw to fix the upper hinge to the stop crosspiece.

18. Forare il pavimento ed inserire vite di sicurezza nella cerniera inferiore.
18. Drill the floor and insert safety screw in the lower hinge.

19. Inserire il piatto di copertura nella sede della cerniera.
19. Insert the cover plate into the hinge seat.

20. Tagliare a misura ed inserire la guarnizione di battuta sui montanti e sul traverso.
 20. Cut to measure and insert the the striker gasket on the uprights and on the crosspiece.

ATTENZIONE: Tagliare la guarnizione a filo pavimento.
ATTENTION: Cut the gasket up to the floor.

SHERAZADE WALL

Installazione telaio porta battente / Swing door frame installation

Configurazione B / Configuration B

partenza centro stanza / center wall door

RIPETERE GLI STESSI PASSAGGI PER CONCLUDERE IL MONTAGGIO DELLE PARETI RIMANENTI.
REPEAT THE SAME STEPS TO COMPLETE THE ASSEMBLY OF THE REMAINING WALLS.

1. Dal lato cerniere avvitare la staffa nella parte superiore del profilo.
1. On the hinge side, screw the bracket into the upper part of the profile.

- 2. Dal lato senza battuta, posizionare il profilo a C a soffitto sulla mezzera tracciata in precedenza.**
2. On the side without a rebate, position the ceiling C-profile on the centre line drawn before.

- 3. Forare il soffitto. Fissare il profilo a C con viti e tasselli adeguati al tipo di soffitto.**
3. Drill the ceiling. Fix the C-profile with screws and plugs suitable for the ceiling.

4. Dal lato senza battuta, infilare il traverso di battuta.
4. On the side without the rebate, slide in the rebate cross piece.

5. Avvitare n°3 viti per bloccare il traverso sulle staffe. (n°2 viti lato serratura, n°1 vite lato cerniere).
5. Tighten 3 screws to stop the crosspiece on the brackets. (no. 2 screws on lock side, no. 1 screw on hinges side)

Montaggio cerniera
Hinge installation

6. Fissare sul montante della porta la cerniera inferiore.
6. Fix on the door upright the lower hinge.

7. Forare il pavimento ed inserire vite di sicurezza nella cerniera inferiore.
7. Drill the floor and insert safety screw in the lower hinge.

8. Inserire il piatto di copertura nella sede della cerniera.
8. Insert the cover plate into the hinge seat.

9. Tagliare a misura ed inserire la guarnizione di battuta sui montanti e sul traverso.
 9. Cut to measure and insert the the striker gasket on the uprights and on the crosspiece.

ATTENZIONE: Tagliare la guarnizione a filo pavimento.
ATTENTION: Cut the gasket up to the floor.

SHERAZADE WALL

Montaggio pannello sopra luce / Transom panel installation

Configurazione A / Configuration A

partenza con porta a muro / door start at wall

1. Segnare la mezzeria del profilo sul muro per posizionare il montante della porta.
1. Mark the center line of the profile on the wall to position the upright of the door.

2. Rilevare l'altezza terra-soffitto in prossimità del montante e verificare la misura del profilo. Tagliare il profilo nella parte superiore a misura.
2. Measure the height floor to ceiling close to the upright and check the profile length. Cut to measure the profile.

3. Posizionare il profilo a muro sulla mezzzeria segnata in precedenza.
3. Position the wall profile on the center line before marked.

4. Verificare che il profilo a muro sia a piombo e in bolla. / Fissare il profilo a muro con il biadesivo.
4. Verify that the wall profile is at plumb-line and levelled. / Attach the profile to the wall with double-sided tape.

5. Tagliare a misura il profilo telescopico e inserirlo nel profilo a muro.
5. Cut the telescopic profile to length and fit them into the wall profile.

6. Dal lato muro, avvitare la staffa nella parte superiore del profilo telescopico
6. On the wall side, screw the bracket into the upper part of the telescopic profile.

7. Mettere in bolla in profilo telescopico agendo sui regolatori. / Forare il profilo a muro nei punti prestabiliti.
7. Level the telescopic profile with the regulators. / Drill the wall profile in the pre drilled holes.

8. Verificare con la dima in dotazione la luce porta ed inserire le viti indicate per bloccare il profilo telescopico.
8. Check with the supplied template the door clearance and lock the telescopic profile into position with the security screws.

9. Ogni 30 cm, inserire clip di plastica sul montante della porta.
9. Each 30 cm, insert the plastic clip on door upright.

10. Tagliare a misura la copertura verticale centrostanza e inserirla sul montante.
10. Cut the cover profile to length and fit them into the upright.

- 11. Dal lato senza battuta, posizionare il profilo a C a soffitto sulla mezzera tracciata in precedenza.**
11. On the side without a rebate, position the ceiling C-profile on the centre line drawn before.

- 12. Forare il soffitto. Fissare il profilo a C con viti e tasselli adeguati al tipo di soffitto.**
12. Drill the ceiling. Fix the C profile with screws and plugs suitable for the ceiling.

13. Dal lato senza battuta, infilare il traverso di battuta.
13. On the side without a rebate, insert the rebate cross piece.

14. Avvitare n°4 viti per bloccare il traverso sulle staffe. (n°2 viti per lato)
14. Tighten 4 screws to stop the crosspiece on the brackets. (2 screws each side)

15. Tagliare a misura ed inserire la guarnizione di battuta sui montanti e sul traverso. ATTENZIONE: Tagliare la guarnizione a filo pavimento.
15. Cut to measure and insert the the striker gasket on the uprights and on the crosspiece. ATTENTION: Cut the gasket up to the floor.

16. Montare il pannello sopraluce inserendo i perni nelle apposite sedi sul traverso. ATTENZIONE: effettuare sempre dal lato a tirare.
16. Mount the transom panel inserting the pins in the proper slots on the crosspiece. ATTENTION: always operate from the pulling side.

17. Il pannello sopraluce deve essere sostenuto fino a quando non viene installata la cerniera.
17. The transom panel must be hold till the hinge is inserted.

Montaggio cerniere Hinge installation

22. Inserire la guarnizione di battuta sul traverso.
22. Insert the the striker gasket on the crosspiece.

23. Fissare sul montante della porta la cerniera inferiore. / 24. Forare il pavimento ed inserire vite di sicurezza nella cerniera inferiore.
23. Fix on the door upright the lower hinge. / 24. Drill the floor and insert safety screw in the lower hinge.

25. Inserire il piatto di copertura nella sede della cerniera.
25. Insert the cover plate into the hinge seat.

26. Inserire il piatto di copertura nella sede della squadretta fissaggio superiore.
26. Insert the cover plate into the seat of the top fixing bracket.

SHERAZADE WALL

Montaggio pannello sopraluce / Transom panel installation

Configurazione B / Configuration B

partenza centro stanza / center wall door

RIPETERE GLI STESSI PASSAGGI PER CONCLUDERE IL MONTAGGIO DELLE PARETI RIMANENTI.
REPEAT THE SAME STEPS TO COMPLETE THE ASSEMBLY OF THE REMAINING WALLS.

1. Dal lato cerniere avvitare la staffa nella parte superiore del profilo.
1. On the hinge side, screw the bracket into the upper part of the profile.

- 2. Dal lato senza battuta, posizionare il profilo a C a soffitto sulla mezzera tracciata in precedenza.**
2. On the side without a rebate, position the ceiling C-profile on the centre line drawn before.

- 3. Forare il soffitto. Fissare il profilo a C con viti e tasselli adeguati al tipo di soffitto.**
3. Drill the ceiling. Fix the C profile with screws and plugs suitable for the ceiling.

4. Dal lato senza battuta, infilare il traverso di battuta.
4. On the side without the rebate, slide in the rebate cross piece.

5. Avvitare n°3 viti per bloccare il traverso sulle staffe. (n°2 viti lato serratura, n°1 vite lato cerniere).
5. Tighten 3 screws to stop the crosspiece on the brackets. (no. 2 screws on lock side, no. 1 screw on hinges side)

6. Tagliare a misura ed inserire la guarnizione di battuta sui montanti e sul traverso. **ATTENZIONE:** Tagliare la guarnizione a filo pavimento.
 6. Cut to measure and insert the the striker gasket on the uprights and on the crosspiece. **ATTENTION:** Cut the gasket up to the floor.

7. Montare il pannello sopraluce inserendo i perni nelle apposite sedi sul traverso. **ATTENZIONE:** effettuare sempre dal lato a tirare.
 7. Mount the transom panel inserting the pins in the proper slots on the crosspiece. **ATTENTION:** Always operate from the pulling side.

8. Il pannello sopra luce deve essere sostenuto fino a quando non viene installata la cerniera.
8. The transom panel must be hold till the hinge is inserted.

Montaggio cerniere Hinge installation

9. Fissare sul montante della porta la cerniera superiore. / 10. Avvitare una vite per fissarla al traverso di battuta.
9. Fix on the door upright the upper hinge. / 10. Tighten a screw to fix it to the closure crosspiece.

11 Fissare sullo stipite lato riscontro la squadretta di fissaggio superiore. / 16. Avvitare una vite per fissarla al traverso di battuta.
11. Fix on the lock side profile the top fixing bracket. / 16. Tighten a screw to fix it to the closure crosspiece.

13. Inserire la guarnizione di battuta sul traverso.
13. Insert the the striker gasket on the crosspiece.

14. Fissare sul montante della porta la cerniera inferiore. / 15. Forare il pavimento ed inserire vite di sicurezza nella cerniera inferiore.
14. Fix on the door upright the lower hinge. / 15. Drill the floor and insert safety screw in the lower hinge.

16. Inserire il piatto di copertura nella sede della cerniera.
16. Insert the cover plate into the hinge seat.

17. Inserire il piatto di copertura nella sede della squadretta fissaggio superiore.
17. Insert the cover plate into the seat of the top fixing bracket.

SHERAZADE WALL

Montaggio anta battente / Swing door installation

1. Inserire le boccole inferiori e superiori nella propria sede sulle cerniere inferiori e superiori.
1. Align lower and upper bushings into their groove on lower and upper hinges.

2. Verificare sull'anta che il perno eccentrico superiore sia posizionato all'interno della cerniera stessa.
2. Ensure that the upper eccentric pin is correctly located inside the hinge.

3. Inclinare l'anta e infilare il perno inferiore nella squadretta inferiore.
3. Tilt the door forward and fit the lower pivot into the lower square.

4. Raddrizzare l'anta, mettere in corrispondenza la squadretta superiore con il perno eccentrico superiore ed avvitare.
4. Position the door upright. Align the upper fitting with the upper eccentric pin and screw together.

5. Regolare la luce della porta agendo sui perni eccentrici con una chiave a brugola.
5. Adjust the door acting on its eccentric pins with an Allen Key to obtain a smooth clean opening.

6. Dopo la regolazione stringere i grani di blocco.
6. After the adjustments tighten the block dowel screws.

7. Inserire la vite di sicurezza nella cerniera superiore.
7. Insert the top fastening screw in the upper hinge.

PER LE ALTRE VERSIONI RIPETERE GLI STESSI PASSAGGI.
FOR OTHER VERSIONS REPEAT THE SAME STEPS.

SHERAZADE WALL

Installazione maniglia - riscontro serratura / Handle - strike box assembly

1. Inserire la maniglia. Vedere scheda di montaggio dedicata.

1. Insert the handle. Look at the proper dedicated assembling sheet.

2. Inserire il riscontro serratura latch nella sede sul montante. È possibile una regolazione ruotando il blocco serratura di 180°.

2. Insert the lock catch into the seat on the vertical frame. An adjustment is possible by turning the block lock by 180°.

SHERAZADE WALL

Montaggio anta scorrevole / Sliding door installation

Configurazione A / Configuration A

Parete vetrata - Porta scorrevole (sia soffitto che cartongesso / Glass partition - Sliding door (both ceiling and plasterboard))

Configurazione B / Configuration B

Parete vetrata - Porta scorrevole (sia soffitto che cartongesso) / Glass partition - Sliding door (both ceiling and plasterboard)

**Sherazade Wall - Anta scorrevole a soffitto /
Sherazade Wall - Ceiling sliding door**

**Sherazade Wall - Anta scorrevole a cartongesso /
Sherazade Wall - Plasterboard sliding door**

1. Completare i passaggi da 1 a 8 per installare i profili base. Tagliare a misura il profilo verticale centro stanza.
 1. Complete the steps from 1 to 8 to install the base profiles. Cut to dimensions the center room vertical profile.

2. Inserire le squadrette in entrambi i lati del profilo centrostanza.
 2. insert the brackets on both sides of the center room profile.

3. Inserire il profilo centro stanza sui profili base orizzontali e stringere i grani delle squadrette per bloccarlo in posizione.
 3. Insert the center room profile on the base horizontal profiles and tighten the dowel of the brackets in the lock position.

ATTENZIONE: è necessario siliconare il lato del pannello in vetro verso il montante della porta. / ATTENTION: it is necessary to put silicone on the side of the glass panel towards the side of the door jamb profile.

Sull'ultimo pannello in vetro della parete, siliconare il lato verticale verso il montante della porta.
 On the last glass panel of the wall, put silicone on the vertical side towards the door jamb profile.

- 4. Completare la parete seguendo i passaggi per il montaggio dei profili tratta e profili fermavetro.**
4. Complete the installation of the glass partition following the installation steps of the segment profiles and the snap profiles.

- 5a. Dopo aver completato la parete, tracciare la posizione della trave.**
5a. After completing the wall partition, trace the position of the beam.

6a. Fissare la trave e il binario come descritto nella scheda dedicata.

6a. Install the beam and the rail as described in the dedicated installation manual.

7a. Montaggio anta.

7a. Door installation

5b. Fissare la trave, il binario e le lastre di cartongesso come descritto nella scheda dedicata.
5b. Install the beam, the rail and the plaster as described in the dedicated installation manual.

6b. Segnare la distanza tra asse del binario e asse della parete
6b. Mark the distance between the centerline of the rail and the centerline of the wall.

7b. Montaggio della parete vetrata.

7b. Installation of the glass partition wall.

8b. Montaggio anta.

8b. Door installation.

**Montaggio nodi con angoli a 90° o variabili /
Joints installation with 90° or variable corners**

Sherazade Wall possibili configurazioni / Sherazade Wall configurations

Nodo a 2 vie con angolo a 90° /
2 ways joint with 90° corner

Nodo a 3 vie con angoli a 90° /
3 ways joint with 90° corners

Nodo a 2 vie con angolo variabile /
2 ways joint with variable corner

Nodo a 3 vie con angoli variabili /
3 ways joint with variable corners

ATTENZIONE: L'angolo della tratta della parete viene stabilito in fase di progettazione prima di procedere con la produzione. /

WARNING: the segment corner of the partition is determined during design process before fabrication.

Configurazione esempio per nodi / Example of joints configuration

Sherazade Wall - Nodo a 2 vie con angolo 90° / Sherazade Wall - 2 ways joint with 90° corner

1. Tracciare la mezzeria della parete.
1. Trace the center line of the wall partition.

2. Tagliare a misura il profilo base orizzontale secondo le indicazioni riportate sui disegni di progetto allegati.
2. Cut to measure the floor base horizontal profile according to the drawing indications attached.

3a. Inserire i profili base orizzontali nelle squadrette ed allineare i due profili.
3a. Insert the base horizontal profile into the brackets and align the two profiles.

3b. In caso di angolo diverso da 90°, impostare la squadretta e verificare l'allineamento tra le sagomature dei profili.
3b. In case of corner different than 90°, set the the bracket and verify the alignment between the profile shapings.

- 4. Stringere tutti i grani delle squadrette.**
4. Tighten all the dowels in the brackets.

- 5. Forare il pavimento e fissare i profilo orizzontali con il metodo di ancoraggio adeguato.**
5. Drill the floor and fix the horizontal profiles with the correct fixing method.

6. Ripetere step n° 2-3-4-5 per fissare il profilo base orizzontale a soffitto.
6. Repeat step n° 2-3-4-5 to fix the upper ceiling horizontal base profile.

7. Posizionare il profilo tratta inferiore nel profilo base fissato a pavimento.
7. Position the lower segment profile into the base profile fixed to the floor.

8

8. Fare riferimento alla scheda di montaggio della parete per concludere il montaggio dei profili.
 8. Refer to the installation manual of the wall partition to finish the profiles installation.

ATTENZIONE: Per il montaggio dei vetri si consiglia di iniziare dai vetri ad angolo.
ATTENTION: For the installation of the glass panels it is recommended to start from the glass corner.

9. Montaggio dei vetri. Incollare il biadesivo sul lato smussato a 45° del vetro.
9. Glass panels installation. Glue the double-sided tape on the 45° beveled side of the glass.

10. Rimuovere il liner dal biadesivo ed accostare i due vetri
10. Remove the adhesive and put together the two glass panels.

11. Seguire le istruzioni di montaggio della parete Sherazade Wall per completare il montaggio dell'angolo.
 11. Follow the installation manual for Sherazade Wall partition wall to complete the installation of the corner.

Configurazione esempio per nodi / Example of joints configuration

Sherazade Wall - Nodo a 3 vie con angolo 90° / Sherazade Wall - 3 ways joint with 90° corner

Variante A - Giunto 3 vie con 3 vetri. /
 Case A - 3 ways joint with 3 glass panels

Variante B - Giunto 3 vie con 2 vetri. /
 Case B - 3 ways joint with 2 glass panels

- 1. Tracciare la mezzeria della parete.**
1. Trace the center line of the wall partition.

- 2. Tagliare a misura i profili base orizzontali secondo le indicazioni riportate sui disegni di progetto allegati.**
2. Cut to measure the floor base horizontal profiles according to the drawing indications attached.

3a. Inserire i profili base orizzontali nelle squadrette ed allineare i profili.
3a. Insert the base horizontal profile into the brackets and align the profiles.

3b. In caso di angolo diverso da 90°, impostare la squadretta e verificare l'allineamento tra le sagomature dei profili.
3b. In case of corner different than 90°, set the the bracket and verify the alignment between the profile shapings.

4. Stringere tutti i grani delle squadrette.
4. Tighten all the dowels in the brackets.

5. Forare il pavimento e fissare i profilo orizzontali con il metodo di ancoraggio adeguato.
5. Drill the floor and fix the horizontal profiles with the correct fixing method.

6. Ripetere step n° 2-3-4-5 per fissare il profilo base orizzontale a soffitto.
6. Repeat step n° 2-3-4-5 to fix the upper ceiling horizontal base profile.

7. Posizionare il profilo tratta inferiore nel profilo base fissato a pavimento.
7. Position the lower segment profile into the base profile fixed to the floor.

8. Fare riferimento alla scheda di montaggio della parete per concludere il montaggio dei profili.
8. Refer to the installation manual of the wall partition to finish the profiles installation.

9. Montaggio dei vetri. Incollare il biadesivo sul lato libero del vetro.
9. Glass panels installation. Glue the double-sided tape on the open side.

10. Rimuovere il liner dal biadesivo ed accostare i due vetri
10. Remove the adhesive and put together the two glass panels.

11a. Inserire il vetro perpendicolare alla parete.
11a. insert the glass panel perpendicular to the wall.

11b. Inserire il vetro perpendicolare alla parete.
11b. insert the glass panel perpendicular to the wall.

12. Seguire le istruzioni di montaggio della parete Sherazade Wall per completare il montaggio dell'angolo.
12. Follow the installation manual for Sherazade Wall partition wall to complete the installation of the corner.

Configurazione esempio per nodi - Parete / Example of joints configuration - Wall

Nodo 2 vie / 2 ways joint

Nodo 3 vie / 3 ways joint

1. Tracciare la mezzeria della parete. / 2. Montare la prima tratta della parete.
 1. Trace the center line of the wall partition. / 2. Instal the first segment of the partition.

3. Avvicinare il montante centrale alla tratta e fissarlo con viti nei fori presenti sul profilo tratta verticale.
 3. Bring the central stud closer to the section and fix it with screws into the holes on the vertical section profile.

3a

3a. Proseguire con il montaggio delle altre tratte parete. E fissarle al montante centrale.
3a. Go on with the assembling of the other wall sections and secure them to the central stud.

4a

4a. Completare il montaggio della parete.
4a. Complete the installation of the partition.

3b. Proseguire con il montaggio degli altri tratti della parete. E fissarli al montante centrale.
3b. Go on with the assembling of the other wall sections and secure them to the central stud.

4b. Completare il montaggio della parete.
4b. Complete the installation of the partition.

Configurazione esempio per nodi - Parete con porte / Example of joints configuration - Wall with doors

Nodo 2 vie / 2 ways joint

Nodo 3 vie / 3 ways joint

1. Tracciare la mezzeria della parete. / 2. Montare la prima tratta della parete.
 1. Trace the center line of the wall partition. / 2. Instal the first segment of the partition.

3. Avvicinare il montante centrale alla tratta e fissarlo con viti nei fori presenti sul profilo tratta verticale.
 3. Bring the central stud closer to the section and fix it with screws into the holes on the vertical section profile.

3a

3a. Proseguire con il montaggio delle altre tratte parete. E fissarle al montante centrale.
3a. Go on with the assembling of the other wall sections and secure them to the central stud.

4a

4a. Proseguire con il montaggio degli stipiti e dei traversi della porta (se presenti).
4a. Continue with the installation of the jambs and the crosspieces (if required).

5a. Completare il montaggio della parete.
5a. Complete the installation of the partition.

6a. Completare la parete con il montaggio della porta.
6a. Complete the glass wall with door installation.

3b

3b. Proseguire con il montaggio delle altre tratte parete. E fissarle al montante centrale.
3b. Go on with the assembling of the other wall sections and secure them to the central stud.

4b

4b. Proseguire con il montaggio degli stipiti e dei traversi della porta (se presenti).
4b Continue with the installation of the jambs and the crosspieces (if required).

5b. Completare il montaggio della parete.
5b. Complete the installation of the partition.

6b. Completare la parete con il montaggio della porta.
6b. Complete the glass wall with door installation.

SHERAZADE WALL

Montaggio modulo tecnico / Technical module installation

Montaggio modulo tecnico / Technical module installation

1. Montare i profili base della parete come descritto negli step da n° 1 a n° 8, del "Montaggio tratta parete".
 1. Install the partition base profiles see steps from #1 to #8, from "Partition segment installation".

2. Inserire nr. 2 squadrette nel lato inferiore e nr. 2 squadrette nel lato superiore del modulo tecnico.
 2. Insert nr. 2 brackets in the lower side and nr. 2 brackets in the upper side of the technical module.

3. Inserire nr. 1 squadretta nel lato inferiore e nr. 1 squadretta nel lato superiore del modulo tecnico, dal lato parete vetrata.
3. Insert nr. 1 brackets in the lower side and nr. 1 brackets in the upper side of the technical module, from the glass wall side

ATTENZIONE: se la configurazione prevede le cerniere fissate al modulo tecnico, inserire il blocchetto cerniere prima di fissare il modulo alla parete.
ATTENTION: if the configuration requires the hinges to be fixed to the technical module, insert the hinge spacer before securing the module to the wall.

4. Inserire il modulo tecnico sui profili base orizzontali e stringere i grani delle squadrette per bloccarlo in posizione.
 4. Insert the technical module on the base horizontal profiles and tighten the dowel of the brackets in the lock position.

5. Stringere le viti ed i grani delle squadrette per bloccare il vano tecnico in posizione.
 5. Tighten the screws to lock the technical module into position.

6. Proseguire con il montaggio dello stipite e del traverso della porta (se presente). 7. Completare il montaggio della parete inserendo i vetri.
6. Continue the installation of the jambs and the crosspiece of the door (if required). 7. Insert the glass to complete the wall assembly.

8. Tagliare a misura le coperture verticali. /Inserire il profilo di battuta sul modulo tecnico.
8. Cut the cover profile to length. / Insert the striker profile on the tech module.

9. Completare la parete con il montaggio della porta.
9. Complete the glass wall with door installation.

10. Chiudere il vano tecnico con il carter.
10. Close the technical space with the cover.
