SHERAZADE WALL / SHERAZADE WALL PLUS

Sherazade Wall è una parete divisoria terra-soffitto con un vetro stratificato mm 5+5 (o mm 4+6) posizionato al centro di un profilo d'alluminio e fissato tramite un sistema a scatto.

La struttura d'alluminio è fornita in cinque diverse finiture e consente di eseguire significative regolazioni, per compensare le irregolarità degli ambienti.

Nella parete sono integrabili tutti i modelli di porte a battente e scorrevoli Glas Italia, coordinate con le stesse finiture o con finiture diverse (attenzione, non tutte le tipologie di vetro utilizzabili nella parete sono disponibili in ogni modello di porta).

Il vetro, disponibile in una vastissima gamma di finiture, è certificato secondo le normative di sicurezza ANSI Z97.1 e UNI EN12150. Sono disponibili anche pannelli in gres in diverse finiture.

È disponibile anche la versione **Sherazade Wall Plus** con profili d'alluminio in finitura, da applicare sulle pannellature in fase di montaggio.

REGOLAZIONE DELLA PARETE:

- Soffitto 14 mm.
- Pavimento 3 mm.

Sherazade Wall is a floor to ceiling partition wall with a 5+5mm (or 4+6mm) laminated glass positioned in the center of an aluminum profile and installed with a 'click-on' system.

The aluminum structure is supplied in five different finishes and allows significant adjustments to compensate construction irregularities.

All Glas Italia hinged and sliding doors can be integrated into this system, coordinated with the same finishes or with different finishes (attention: not all types of glass that can be used in the partition wall, are available for every door model).

The glass is available in a very wide range of finishes, and it is certified according to the ANSI Z97.1 and UNI EN12150 safety standards. In the collection are also available stoneware slabs in different finishes.

It is also available the **Sherazade Wall**

Plus version with aluminum profiles in a matching finish, to be applied on the panels during the installation.

WALL ADJUSTMENT:

- Ceiling 14 mm.
- Floor 3 mm.
